MattPear Expert Support

Over the life of our company, we have understood that the key to our success is in the open communication with our clients which is the most important source of our development. Our primary principle at MattPear is to be available if our clients need any support.

Fast Order Assembling

After receiving your request, we assemble and deliver your order as fast as possible. Access to well-organized logistics and production allow us to meet the growing demand.

Assurance of the Authenticity

We see more of the counterfeit MattPear products on the market. Working with us directly rules out the risk of getting any fake product.

Fair Price

To make premium product at an affordable price is a difficult task but we made it possible. We want to be on the same page with our clients and this factor reflects a lot in our pricing.

For these reasons, MattPear is a sought-after brand and is cherished around the world.

MattPear company was founded in 2015 in the south of Russia, in Krasnodar. We started the production of the hookahs first and after receiving a phenomenal response from the market, we extended our line to tobacco and hookah accessories.

Today we are - **MattPear Industry**.

We sell our products all over the world and are deservedly the choice of the hookah community in Russia. Our production is a modern metalworking plant equipped with high-precision Japanese equipment. Our staff of professionals is more than 50 turners, engineers, designers and quality control specialists, which allows us to flawlessly fulfill any orders not only for the hookah industry, but also for medicine, industry and agriculture. We actively cooperate with hundreds of companies from all over the world.
